

CUSTOM THEME

Introduction

ARC can provide unlimited possibilities for *custom* theming for your water park. If you can dream it or you ask ARC to dream it for you, we can create it!

Our incredibly talented illustrators and designers will create custom drawings for your review based on the theme & products you select, while aligning desired results with your project budget.

Through our incredible sculpting and painting skills, we will create a custom look for your park that will bring great excitement and fun to every person that sees it and it will keep them coming back for more!

Choose from any of our 3 different theming levels:

Copyright © 2007 Aquatic Recreation Company LLC

Light Theming - Custom Painting

Example: Beach Theme

Using hand painting and airbrush painting on standard water play elements, we will create a unique look for your park using the theme and designs that have been created special for you. This highly effective, yet budget friendly, way to theme your water park.

Moderate Theming - Simple 3 Dimensional Attachments with Custom Painting

Example: Space Theme

Using our custom sculpting capabilities combined with our custom painting capabilities, we will incorporate elements into standard water features that will customize these features uniquely for you, setting your park apart from all the others.

Product Profile

The more water...the more fun

CUSTOM THEME

By using any of our 3 levels of theming, you can create something special and unique that is sure to provide excitement, fun and increased usage of your park. Contact ARC to discuss how we can customize your water elements today!
